Bajaj Auto plans foray into Brazil

Pune, June 5

BAJAJ AUTO IS all geared up to enter Brazil, the largest twowheeler (2W) market in Latin America and the eighth-largest in the world.

With domestic market facing challenges, exports are expected to contribute more to Bajaj Auto's recovery as some global markets have been relatively less impacted by the pandemic and lockdowns. An entry into Brazil will expand the company's presence and diversify its global footprint. Bajaj will be competing with the Japanese automotive giants in the Brazilian market.

The country's largest exporter, Bajaj Auto, already ships its motorcycles to Latin America and the region accounted for around 15% of total export volumes in 2019-20. The markets include Argentina, Colombia, Ecuador, Mexico, Peru, Bolivia, Uruguay,Guatemala,Honduras and Nicaragua.

"We are constantly seeking to expand our global footprint in a meaningful way, and at the

right time for us as we would like to keep strengthening our global business," Rakesh Sharma, executive director, Bajaj Auto said. Bajaj aims to develop a complete business in Brazil, encompassing assembly operations in compliance with local laws, a distribution network for sales, servicing operations, spare parts and retail financing support as well as customer engagement, Sharma said. The plans are in the early stages and details are being worked out, he said. The company has not

directly exported to Brazil yet, but its vehicles made in Chakan, Pune, under the KTM brand, have been sold to Brazil through its strategic partner, KTM Austria, the ED said. According to Sharma, the Brazilian market for motorcycles is around one million units per annum. The company exported 2.17 million units to 79 countries in FY20.In FY19 total exports stood at 2 million units. In the first two months of FY21, exports were at 1.24 lakh units of the total sales of 1.65 lakh units. Exports are expected to exceed domestic sales for most part of this year.
